

SAVING WATER

1 Listen, match and colour.

1 Water is precious. One person in three lives in a place where there is no water for long periods.

People walk for hours to find some water.

Many children in the world can only get one glass of dirty water to drink every day.

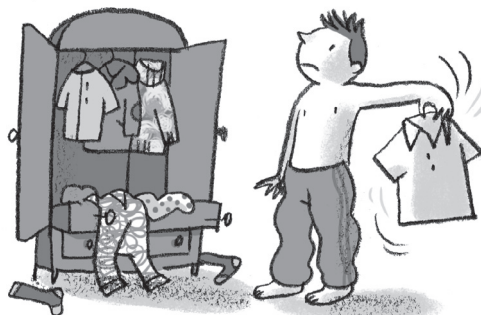

SAVE WATER!

- 2 Close the tap while brushing your teeth.
- 3 Don't change your clothes if they are clean.
- 4 Ask your parents to buy biological detergent: from dumps this goes into rivers and into the sea!
- 5 Choose to have a shower, not a bath.

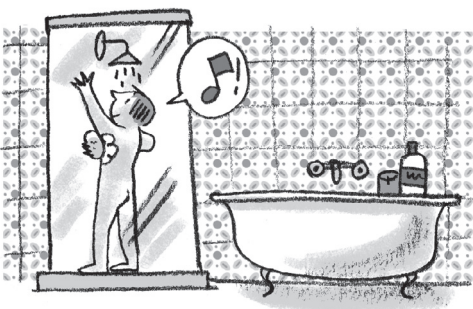

A

B

C

D

E
